Making Purchases

Use your Navy Federal Debit Card at stores, online and over the phone. Select "Debit" or "Credit" at the register—the choice is yours. If you choose "Debit," you'll enter your PIN. At participating retailers, select "cash back", and you'll save on ATM fees and trips to the ATM. If you choose "Credit," just sign and go. Either way, the money comes directly out of your checking account. And, as always, you're not responsible for reported, confirmed unauthorized purchases in stores, online or on the phone since you're covered by Navy Federal's Zero Liability policy.

Navy Federal Debit Card and CUCARD Tips

1. At the ATM, if you forget your PIN, don't make repeated attempts to enter it. Contact Navy Federal for assistance.
